PROFESSIONAL PROFILE

Web Developer with 2 years of experience. Passionate about technology, I constantly strive to improve my skills in web development and application security, focusing on performance, usability, and protection against vulnerabilities.

EXPERIENCE

Full Stack Developer | Personalized Wedding Website (Freelance) | Jul 2024 – Aug 2024

- Developed a fully responsive website using HTML, CSS, and JavaScript, ensuring cross-device compatibility.
- Built an interactive guest list and gift registry with data stored in PostgreSQL, including input validation and user feedback mechanisms.
- Integrated a RESTful API and implemented a secure payment workflow using Mercado Pago.
- Designed and developed the back-end with Node.js and Express, following clean code practices and modular architecture.

Front-end Developer | Football Statistics Platform (Freelance) | Mar 2025 – May 2025

- Designed and developed a responsive user interface using React.js, Tailwind CSS, and modern JavaScript.
- Built dynamic, reusable components with a focus on visual clarity and performance.
- Integrated external football statistics APIs, collaborating closely with the team to ensure accurate and real-time data rendering.

EDUCATION

UNIFBV Wyden **-** Bachelor's Degree in Computer Science | Mar 2023 – Dec 2026 (in progress)
